PRESENTS

TECHATHON NATIONALS & ROVER SUMMIT

Project Showcasing

RULEBOOK

1. Introduction

The Project Display competition at Techathon Nationals & Rover Summit provides a platform for students to showcase innovative projects in robotics, automation, and interdisciplinary engineering. Organized by the IUT Robotics Society (IUTRS), this segment emphasizes technical depth, originality, and practical applicability, inviting participants to solve real-world problems through integrated system design and intelligent control.

Event Date: 10 July 2026

Venue: Islamic University of Technology Campus, Gazipur

2. Prize Pool

Category	Champion	Runner-Up	Total
Junior	BDT 10,000	BDT 5,000	BDT 15,000
Senior	BDT 10,000	BDT 5,000	BDT 15,000

3. Eligibility

Junior: Students from Class 6 to Class 12.

Senior: Undergraduate students from any recognized university.

Team Composition: A team must consist of minimum two (2) and maximum three (3) members. A 4th and 5th member may be added with an additional fee.

Eligibility: Inter-institutional teams are permitted; however, each participant may only register under one team and one project. Valid institutional ID cards are required for verification on event day.

N.B.: Only participants born after January 1, 1999 are eligible to compete in this event.

4. Event Specifications

Scope: Projects may cover autonomous systems, IoT, AI/ML, embedded systems, power electronics, biomedical robotics, and Industry 4.0 solutions.

Round 1 (Preliminary - Online)

- Teams need to provide an abstract and a short video through the link emailed to the team lead's mail address.
- Links will be emailed on a later date.
- After assessment, the Top 10 teams will move on to Round 2.
 - **Abstract:** PDF (max 500 words) named ProjectShowcasing_Techathon_Teamname_FirstRound.pdf
 - **Video:** 3-5 minute demonstration named ProjectShowcasing_Techathon_Teamname_FirstRound.mp4

4. Event Specifications (Continued)

Round 2 (Final - On-Campus)

- The Top 10 finalists must bring their projects for live demonstrations and physical inspection by the judges.
- Participants are responsible for bringing all equipment they require.
- Teams must ensure their own power arrangements; organizers will not supply multi-plugs, adapters, extension cords, chargers, batteries, or any other power-related items.
- For software-based projects (excluding hardware), teams are encouraged—but not required—to include visual aids like posters or X-banners to strengthen their presentation. If an X-banner is used, the team must also provide its stand.

5. Judgement

A panel of experts will evaluate the projects based on the following weighted criteria:

- Real-life Applications: 20 Points
- Technical Innovation and Creativity: 10 Points
- Uniqueness: 10 Points
- Cost Efficiency and Feasibility: 10 Points
- Presentation and Video Content: 10 Points

6. Disqualification Criteria

- Submission of ready-made or plagiarized/copied projects.
- Providing false information during the registration process.
- Unprofessional conduct or disrespect toward judges, volunteers, or other teams.
- Failure to arrive on time for the final round or disturbing event proceedings.

7. Registration Link and Costings

Preliminary Round Fees

- School/College: BDT 300 (2-3 members); BDT 150 for each additional member.
- University: BDT 600 (2-3 members); BDT 250 for each additional member.

Final Round Fees

- School: BDT 250 per member.
- College & University: BDT 250 per member.

7. Registration Link and Costings

Payment: Reference is compulsory for online payment. Teams have to write **TeamName_PROJECT** as the reference.
